The President presented the following:

I vote no on this ordinance as the ninth section of Act of Assembly relating to the Department of Wharves, Docks and Ferries, approved June 8, 1907, the only Act under which such land can be secured, provides only for acquiring "such unimproved marsh lands as may be reclaimable." The present ordinance acquires "waste lands or lands that are partly waste and partly fast," and uses money borrowed for the improvement of the Delaware and Schuylkill rivers for the purchase of land, thus diverting the funds voted by the people for river improvements. I therefore believe the purchase of property as contemplated by this bill to be illegal.

APPENDIX No. 2.

OFFICE OF THE MAYOR.

Philadelphia, October 7, 1909.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Association for the Protection of Colored Women have been carrying on in this City a good work for many years. The object of the Association is to have representatives meet young colored women com-

ing here on trains and boats from the South, and to take care of them if they are without friends or relatives until they have succeeded in securing permanent and desirable quarters. It is work that has done much for those who have been the beneficiaries of the charity, and although it is carried on quietly and unostentatiously, it is none the less meritorious.

The Association during the past years, dependent, as it has been, upon voluntary contributions, has suffered more or less from the financial depression, and, being unable to meet its obligations, has faced a crisis in its existence.

I have been informed by those interested in the work of the Association that if the City's aid can be secured, it will not only aid them to the extent of the contribution, but will bring to them additional contributions through the publicity which the work of the Association will obtain.

I, therefore, urge your Honorable Bodies that an appropriation of one thousand (1,000) dollars be made to this Association, in order to enable them to meet their present obligations and carry on in the future the work that they have so well done in the past.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

OFFICE OF THE DIRECTOR.

Philadelphia, October 1, 1909.

**To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.**

GENTLEMEN:—On June 30, 1885, the City of Philadelphia, through this Department, entered into a lease with Francis Gwynn, now deceased, for the rental of two lots, with buildings thereon erected, situate on the west side of Sixteenth street, south of Fitzwater street, and numbered 752 and 754 S. Sixteenth street, for a term of ten years, commencing from the 11th day of May, 1885, at an annual rental of \$1,200, it being conditioned that if the lessee should hold over after the expiration of the term in question, with the consent of the lessor, the same

to be taken as a renewal of the lease for a term of another year, and so on from year to year, etc. The City has retained possession of this property until the present time and is still occupying the same.

There is also a condition in this lease that the lessee shall have the right to purchase these premises within ten years, at a price not to exceed \$16,000. I have been in communication with the Commonwealth Title Insurance & Trust Company, guardian for the present owner or owners of this property, and have succeeded in having them reduce this purchase price to \$10,000, in view of which fact I consider the time opportune to take title.

Will you kindly authorize the purchase of this property subject to the customary conditions, in order that the City may take possession of the same at as early a date as possible, the \$10,000 in question to be charged against Item 45a (Loan) in the appropriation to the Bureau of City Property, for the year 1909.

Respectfully,

APPENDIX No. 99.

Philadelphia, November 15, 1909.

GEORGE McCURDY, ESQ.,

President of Common Council.

DEAR SIR:—In 1907 there was placed upon the City plan a plot of about 38 acres in the Twenty-third Ward belonging to a client of mine, and intended for a public park. It is bounded on the north by Foulkrod street, on the east by Wakeling street, on the south by the Philadelphia and Trenton Railroad, and on the west by Margaret street. I understand that there is the intention of striking a number of these plots from the City plan, and my client is quite willing that his should be so treated. The property would be more valuable to him for improvement than the sum which he could obtain from the City upon a taking of the plot, even if it were taken at once. I do not think that the City has either the legal or equitable right, certainly not the latter, to put a plot of ground upon the plan and thereby deprive the property owner of the right to improve it and to obtain the value of the improvements, if, after some time thereafter, the City elects to actually take the plot. This is *pro tanto* a taking of property to public use without just compensation, and violates the constitutional rights of the owner. I therefore desire to give you notice that unless the City, on or before January 1, 1910, does strike this plot of ground from the plan, that steps will be taken by my client to enforce his rights in regard to the matter. I am writing to you so that you may lay the matter before the proper Committee of Councils having charge the question of striking the plots from the City plan.

With kind regards, I am,

Yours truly,

ALEX. SIMPSON, JR.

APPENDIX No. 111.

OFFICE OF THE MAYOR.

Philadelphia, December 16, 1909.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I transmit herewith for consideration by your Honorable Bodies, a communication addressed to me by the Honorable Henry Clay, Director of the Department of Public Safety, calling attention to certain steel case work and the Ordinance of June 26, 1901, entitled "An Ordinance placing the work of maintenance, care-taking and construction of the City Hall in charge of the Department of Public Safety," and the Ordinance of November 13, 1909, entitled "An Ordinance to make additional appropriations, etc." I would respectfully recommend that the suggestions of the Director, as contained in his letter, receive your approval.

Yours, very truly,

JOHN E. REYBURN,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

OFFICE OF THE DIRECTOR.

Philadelphia, December 14, 1909.

HON. JOHN E. REYBURN,

Mayor of the City of Philadelphia.

DEAR SIR:—On the 10th instant I received from Mr. W. Bleddyn Powell, City Architect, a report, reading as follows:

"I observe steel case work intended for Room 262, Office of the Prothonotary of the Common Pleas, is

now being delivered at the N. W. corner of this building. I beg to advise you that the floor of this room will need re-enforcement before the steel cases are permitted to be set up. I was not consulted in the matter of obtaining bids, nor the awarding of the contract, otherwise this condition at this late date would not have arisen.

"The drawings for the cases in Room 262 were made in 1907, at the instance of the Chief of the Bureau of City Property, for submission to the Prothonotary, Judge Biddle, and to show the amount of book and file accommodations to be obtained by the employment of a gallery, thus permitting a double tier of cases; the drawings so made were approved by Judge Biddle.

"The floor construction was not considered in providing the data for the case work, as that was a detail which would naturally form part of the specifications in the event of the work being authorized in the regular way and the installation performed under the supervision of this Bureau.

"To prevent a like occurrence in future, I would respectfully suggest that any alterations, the imposition of great weights or other matters affecting the structure should be authorized only after the questions have been submitted to you and satisfactorily answered by this Bureau."

On receipt whereof, I immediately ordered a cessation of the work until the question of the needed re-enforcement of the floor room was determined.

By ordinance approved June 26, 1901, entitled "An Ordinance placing the work of maintenance, care-taking and construction of the City Hall in charge of the Department of Public Safety," it is ordained that "The completion, care-taking and maintenance of the City Hall shall be in charge of the Department of Public Safety, as follows: The completion and maintenance of the City Hall to be in charge of the Bureau of City Property."

The intention of this ordinance was to place in the care

of the Bureau of City Property the City Hall, with the same power that had formerly been exercised by the Commission for the erection of the Public Buildings, abolished July 1, 1901.

By ordinance approved November 13, 1909, entitled "An Ordinance to make additional appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Bureau of Health and Charities, Supplies, Prothonotary, Law, Register of Wills, Sheriff, City Commissioners, for the year 1909," it is *inter alia* provided, "Prothonotary, to Item 5½, for filing cases and alterations in Room 262, \$16,000."

It has been learned that notwithstanding that there is not any existing contract for the doing of this work, the same has been begun, as mentioned in the report of the City Solicitor.

I would suggest that you communicate to Councils the facts hereinabove set forth, with the recommendation that all appropriations hereafter made for furniture, or appointments of any character for any of the offices or departments of the City Hall, or alterations or changes made in any of the rooms of the City Hall, be made to the Department of Public Safety, Bureau of City Property, that proper consideration may be given to the needed preparation of and enforcement of any specifications or plans that may be required, or that such appropriation if made to any of the departments occupying the City Hall, be made with the proviso thereto attached, that the same shall be expended in accordance with the plans and specifications, to be approved by the Department of Public Safety, in order that such a condition as is pointed out in the report of the City Architect may be avoided in the future.

Respectfully yours,

HENRY CLAY,

Director.

APPENDIX No. 141.

OFFICE OF THE MAYOR.

Philadelphia, December 23, 1909.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith return an ordinance entitled "An Ordinance to authorize the regrading, remacadamizing and paving of York road, from Lindley avenue to Tabor road, and from Sixty-ninth avenue, north, to County line, with the necessary relocation of railway tracks," without my approval, for the following reason: I believe the ordinance to be defective and incapable of being enforced, owing to its present form. This belief is based upon the facts set forth in the communication of Chief Benson, of the Bureau of Highways, and Director Stearns, of the Department of Public Works, under date of December thirteenth.

I attach hereto the communication above mentioned, which sets forth fully my reasons for returning this ordinance for amendment by your Honorable Bodies.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF HIGHWAYS,

Philadelphia, December 13, 1909.

HON. JOHN E. REYBURN,
Mayor.

DEAR SIR:—I herewith return ordinance to authorize the regrading, remacadamizing and paving of York road, from Lindley avenue to Tabor road, and from Sixty-ninth avenue, north, to County line, without my approval, for the following reasons:

This ordinance directs that the paving of the gutters and between rails and between tracks, including two rows of bricks along the outer rail and remacadamizing the shoulders between the gutters and the bricks outside the rails, the cost of the work to be paid out of monies paid in by the Philadelphia Rapid Transit Company for paving, repaving and repairing streets.

The City Solicitors, both J. Howard Gendell, Esq., and the present Judge, John L. Kinsey, have advised the Department that the property owners on the line of York road are liable for the cost of original paving, and they maintain that the present turnpike road on York road is not such a pavement as had been accepted by the City as a permanent pavement, and in consequence the property owners were liable for any new paving which might be laid upon the road. The paving of fully one-half of the width of the roadbed with vitrified bricks and the paving of the gutters with vitrified bricks would constitute an original paving, as Councils have, by ordinance, recognized the fact that where property owners pave a street with macadam with brick gutters it becomes an original paving and they are properly assessable therefor.

Again, even admitting that the property owners were not responsible and could not be compelled to lay that pavement on York road, for the other reason that the properties are assessed at suburban rates, we could not do the work indicated in this ordinance and pay for the same

out of the monies paid in by the Philadelphia Rapid Transit Company, for the following reasons:

1. The Philadelphia Rapid Transit Company is not responsible for the original paving of any street except such streets which are traversed by the lines of the Union Passenger Railway Company, which does not run on York road.

2. The Philadelphia Rapid Transit Company could not under any circumstances be compelled to change the character of the turnpike pavement on York road and substitute therefor vitrified bricks, either in whole or in part.

3. Under the ordinance of July 1, 1907, the Philadelphia Rapid Transit Company are required to pay in certain monies into the City Treasury in lieu of its obligations as regards paving, repaving and repairing the streets occupied by its tracks, and the monies so paid in cannot be diverted to any purpose for which the Philadelphia Rapid Transit Company was not previously responsible.

This ordinance is therefore defective, in that it provides that the paving with bricks and remacadamizing shall be paid for out of monies paid in by the Philadelphia Rapid Transit Company.

The ordinance, therefore, should not be approved in its present form, but should be sent back to Councils without approval and for amending by providing either that the cost of the paving contemplated shall be paid by the owners of the abutting property or out of the general taxation, as under the terms of the Act of June 4, 1901, the City may direct any municipal work to be done, and pay for same out of the general taxation.

Yours truly,

W. R. BENSON,
Chief of Bureau.

Approved:

GEO. R. STEARNS,
Director, Department of Public Works.

APPENDIX No. 142.

DEPARTMENT OF LAW.

Philadelphia, December 29, 1909.

To the Common Council of the City of Philadelphia.

GENTLEMEN:—I have received a communication from your Chief Clerk, dated December 28, 1909, stating that he had been directed by you to forward to me a proposed resolution, to obtain my opinion on the legality of the same.

This resolution recites a proposed loan to be submitted to the electors at the Spring election, and instructs the City Commissioners in the preparation of the ballot "to display on said ballot, by items, the purposes of said loan with the amounts set opposite each of the items thereof, and that they make provision thereon for the elector to express his approval or disapproval of any item therein by marking 'yes' or 'no' thereon."

In the case of *Barr vs. Philadelphia*, 191 Pa., page 438, on pages 441 and 442, the following statement was made by the Court:

"It is reasonably clear from the language, both of the Constitution and of the Act of 1891, that it was not the intention that the electors should determine the purposes to which the moneys are to be applied. The electors are to be given notice of the purposes to which the corporate authorities intend to apply them. If it were the intention of the Legislature to have the electors determine the purpose, there would have been a direction not to describe it briefly in their ballots, but clearly, precisely and exactly. The assent of the electors is to be given 'to such increase of indebtedness,' and nowhere is it indicated that they are to assent or dissent from the purpose or purposes for which the money is to be utilized. The ballots are so worded that the electors vote for an increase or no increase of the debt, and the brief description

of the purpose is intended for their information, so that they may vote upon this question intelligently. The purposes are nearly upon the same plane, with the amount of the last assessed valuation and the amount of the existing debt, of which the electors are to have notice, because it is important information for them in determining whether or not it would be well to increase the debt. If the electors were called upon to decide upon the merits of the different objects for which the corporate authorities purposed to use the moneys, there would be room for the contention that 'several propositions' were submitted at the same time, but there is only the one object presented to them, to wit: the increase of the debt."

This is the language of Judge Pennypacker in rendering the opinion of the lower Court, but it is unanimously adopted by the Supreme Court as their own opinion.

It is also true that this opinion refers to the Ballot Act of 1891, while new ballots are prepared under the Act of April 29, 1903, P. L., 341, but upon an examination of these two acts I do not find anything in the later act which at all modifies or changes the situation as it existed under the Act of 1891. Indeed, if there be any difference whatever, the later act rather tends to strengthen the position taken by the Court.

Inasmuch as it is not the duty or the privilege of the voters to determine the purposes to which the money is to be applied, but they may merely determine whether the debt shall or shall not be incurred, in my opinion, they must vote upon each loan as a whole, and the resolution as applied to the one single loan which it is proposed to submit to the electors for their approval or disapproval, must be voted on as a whole.

I do not mean to say that a separate loan may not be proposed for each purpose, but I do not understand that the present loan bill does this, and to do this, it may be necessary to remodel completely the proposed procedure. I question greatly whether several loans can be provided for in the same ordinance in view of the requirement

that ordinances must contain but one subject ; although, of course, different purposes may be included in the one loan, as was done in the loan considered in the Barr case.

It must be remembered that in issuing bonds, we must proceed not only in accordance with law, but also in such manner as to avoid, so far as possible, any chance of objection by bidders for the loan. The bonds must be marketable as well as legal.

Yours very truly,

J. HOWARD GENDELL,

City Solicitor.

APPENDIX No. 145.

OFFICE OF THE MAYOR.

Philadelphia, December 30, 1909.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In view of the severity of the recent storm that visited the City and the consequent accumulation of snow upon the highways, it is needless to call your attention to the discomfort, annoyance and inconvenience that is daily being caused all citizens, and in particular the manner in which transportation of goods is seriously interfered with.

The present appropriation to the Bureau of Highways for the removal of snow is utterly insufficient to remedy the conditions existing at present, conditions that are ex-

traordinary and conditions that require extraordinary methods to be employed in their amelioration.

Philadelphia in the past has been generous in supporting various enterprises, and has been ready at all times to respond to calls for aid from other cities when they suffered from more serious disturbances of the elements.

The City Councils and the City have contributed monies for the entertainment of visitors, for special celebrations of various kinds that have been beneficial to the City and pleasing to all. If Philadelphia can assist those whose lives are spent without its borders, it is surely the duty of the City Councils and the City Administration to assist materially those who dwell within the City. The present annoyance and discomfort cannot be compared with great disasters which fortunately Philadelphia has escaped, but, nevertheless, there is a great deal of unnecessary suffering and hardship in addition to the hindrances placed in the path of business activity that have resulted from the storm. To remove the snow as expeditiously as possible should be the wish of all, and while it is impossible to remove all the snow, by removing some, all the people will be benefited.

I therefore earnestly urge that your Honorable Bodies appropriate the sum of fifty thousand (50,000) dollars to the Bureau of Highways, Department of Public Works, in order that the work that they are carrying on may be facilitated and enlarged so that less discomfort and annoyance may be endured by our citizens.

This appropriation alone is not only for the removal of the snow lying in the streets as present, but is to meet such future storms as may visit the City during the present winter.

Respectfully yours,

JOHN E. REYBURN,

Mayor.

APPENDIX No. 149.

BOARD OF PUBLIC EDUCATION,

Philadelphia, January 5, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I trust your Honorable Bodies will pardon me for calling your attention to a matter of deep concern to the Board of Public Education. This Board views with great regret the action of Councils in providing that, in the submission of the proposed new loan for approval at the next election, the use of the sum set apart for the public schools is expressly limited to *elementary* school buildings. While it cannot be denied that a large amount of money, most of which must be derived from loans, is and will be required to provide a sufficient number of elementary schools to place all the children of our City upon full time, it is nevertheless true that this need is not now so pressing as that for additional accommodation for the girls who desire a high school education. Apart from the fact that a large proportion of these girls are, under existing conditions, compelled to travel great distances—in some cases as much as five or six miles—in order to attend the high school, they must also undergo the discomfort and expense incident to weary waitings for trolley cars that are not overerowed, and the not unusual expense of two fares.

The pupils who now attend the Girls' High School are housed in the central school at Seventeenth and Spring Garden streets, and in four other buildings used as annexes, and each of these buildings is filled to its utmost capacity. There is only one other building that is available for this use, and it will do no more than care for the girls who will be promoted on February 1st.

What, then, is the Board to do with the large number of pupils who will apply for admittance to the school at the close of next June? There can be but one answer to this question. Either those who cannot be accommodated

in the buildings at the disposal of the Board *must be refused the coveted promotions*, or arrangements must be made by which part of the pupils can be instructed at a morning session lasting (say) from 9 A. M. to 1 or 1.30 P. M., and the others at an afternoon session beginning (say) at 1.30 P. M. and lasting until 5 P. M. During the winter months, when the days are short, such an arrangement would keep the girls at school until after dark and would compel them to return to their homes at night. No comment is needed to show the hardship and injustice attaching to either of these modes of solving the problem, *and no other solution seems possible.*

So much for the necessity of providing at the earliest time possible at least some of the district high schools that are imperatively demanded.

All other educational needs in Philadelphia are overshadowed by this one.

For these reasons the Board of Public Education respectfully, but most earnestly, requests your Honorable Bodies to reconsider the action taken at your last meeting, limiting the amount to be set aside for school purposes in the new school loan to the erection of elementary school buildings.

The need herein expressed for high schools for girls might be repeated with equal force for the accommodation of the boys, but inasmuch as the proposed sum is limited, I am of the opinion that the girls should receive first consideration.

Very respectfully,

HENRY R. EDMUNDS,

President.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I am in receipt of various ordinances passed by your Honorable Bodies and approved by his Honor the Mayor, making appropriations to the departments and bureaus for the year 1910, which includes unimpaired the lawful obligations, allotment to the Board of Education, leaving a balance unappropriated of twenty-seven thousand nine hundred and ninety (27,990) dollars and sixty-five (65) cents.

A careful examination, however, shows that your Honorable Bodies have not provided for amount estimated for mandamuses. I have, therefore, deemed it my duty, in accordance with the provisions of the Act of June 11, 1879, Sect. 2, P. L., 130, to deduct from the surplus of two million four hundred and twenty-eight thousand seven hundred and eighty-one (2,428,781) dollars and eighty-four (84) cents, ascertained by the closing of the books for the year 1909, the sum of one million two hundred and fifty thousand (1,250,000) dollars, which, with the one million (1,000,000) dollars provided for payment of mandamuses in the eight million (8,000,000) loan bill, will comply with the estimate required for the year 1910, leaving as follows:

Balance unappropriated on December 31 last....	\$27,990.65
Surplus fund for the year	2,428,781.84
	<hr/>
Making a total of	\$2,456,772.49

APPENDIX No. 161.

OFFICE OF THE MAYOR.

Philadelphia, February 3, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—During June, July and August of this year there is to be held in the City of Berlin an American Exposition, with the idea of demonstrating to the European Manufacturer and Businessman the commercial and industrial development of America. This Exposition will be the first All-American Exposition ever held in a foreign country, and will not only demonstrate the development of commerce and industry, but will afford an opportunity for American Municipalities to show any particular development they may have accomplished.

I have been informed that several American municipalities will be represented, notably the City of New York, and it is hardly necessary to call attention to the advantages of the City of Philadelphia having a representation. There is much that Philadelphia could exhibit that would be attractive, and there is much that Philadelphia could do to stimulate her activity along commercial lines.

The benefits to be derived from an exhibit of the Municipality on this occasion are numerous, and as an estimate has been submitted for fifteen hundred (1,500) square feet at a cost of twelve thousand (12,000) dollars, I would urge that your Honorable Bodies make an appropriation of twenty-five thousand (25,000) dollars to cover the cost of the exhibit and the rental of the space therefor.

The tone of the Exposition will be distinctly in keeping with its high aim of enhancing American prestige abroad, and the Exposition will be pre-eminently a business one and will be visited by business people. It is my firm belief that it is as essential for cities to advertise as it is for individuals. An individual who exhibits his wares at an exposition of this character will not make

the same impression that a great municipality will make, and the City in behalf of itself and its citizens should not neglect this opportunity.

Respectfully yours,

JOHN E. REYBURN,

Mayor.

Surplus for the year	\$2,428,781 84
	<hr/>

In the statement of this Department submitted to your Honorable Bodies for the seven months ending July 1, 1909, a surplus, predicated upon the estimates received from the departments, was estimated at \$1,202,785.71.

It is gratifying to be able to report that, due to increased receipts over the estimates in current and delinquent taxes,

interest on City deposits, Bureau of Water, and various other departmental and miscellaneous sources, this has been increased by an actual surplus shown by the closing of the accounts for the year 1909 of \$2,428,781.84.

The estimate of \$2,000,000, made by this department in the statement of August last for payment of mandamuses for the year 1910, based upon the estimates furnished by the Law Department, and the custom that has prevailed for a quarter of a century by leaving the said sum in the treasury unappropriated for the purpose, not having been granted by your Honorable Bodies, I have deemed it incumbent upon me, in compliance with the Act of 1879, to deduct from the reported surplus the sum of \$1,250,000, which, with the additional \$1,000,000 provided in the loan bill, will be a conservative estimate of the amount required for 1910, based on the average payments for the last five years. The balance of the surplus, \$1,178,781.84, has been added to the balance unappropriated of the estimated amount reported for appropriation on August 1, 1909, and renders available for appropriation the further sum of \$1,211,792.49.

Surplus for the year	2,428,781 84

Makes a total of	\$2,461,792 49

Leaves a balance for further appropriation of	\$1,211,792 49

Receipts.

The total receipts from all sources for the year ending December 31, 1909, amounted to \$44,372,927.62. Included in this is the permanent loan of \$5,739,700, \$1,500,000 of the \$4,000,000 loan, and \$1,500,000 of the \$13,500,000 loan; premium on sale of loans, \$240,677.86; interest on bank deposits, \$404,071.34; the amount remitted by the State for schools, \$948,088.07, and personal property taxes of \$1,535,659.35. There is still due from the Commonwealth the sum of \$118,507.43, for care and treatment of indigent insane, as per Act of May 24, 1897, due to an informality in the certificate of the Board of Public Charities furnished to the Auditor General, in conformity with the Act of May 13, 1909. A satisfactory one has since been forwarded and assurances received that the amount will be promptly remitted. In this connection I desire to express my gratification at the promptness with which the personal property tax, school fund, and all moneys due from the State have been transmitted during the term of the present Auditor General and State Treasurer.

In connection with the collection of the personal property tax by the City on the total assessment of \$2,068,228.08, reported to the State by the Board of Revision at the beginning of the year, there remain delinquent, due the City on December 31, the small sum of \$6,907.50. On November 1 there was uncollected and due the State, \$47,545.80. Notices were mailed by this Department during the months of November and December to all delinquents, which resulted in an unusually large collection and the small amount reported above uncollected.

Since the enactment of the Ordinance of April 9, 1892, regnating the deposit of City moneys, and the payment

of interest thereon, the total amount received to December 31, 1909, inclusive, was \$4,104,309.66, or an average of \$228,017 annually.

Of this amount there was collected \$18,839,762.46, after deducting the penalties of \$67,607.01 and adding the discounts of \$55,927.82, there remained uncollected \$347,053.91, or less than two per cent of the total tax levy.

Disbursements.

The total disbursements for the year 1909 were \$48,082,630.28.

This amount includes the interest on the funded debt, Sinking Fund, the allotment to the Board of Education, temporary loan of 1908, the amount to the Commonwealth for personal property taxes for 1909, and the sums required for the various departments and bureaus, showing an excess over the expenditures for 1908 of \$1,709,702.66.

The principal expenditures, and payable out of loan moneys for permanent improvements were apportioned to the Department of Public Works for the removal of grade crossings along the line of the Philadelphia and Reading Railway Company, from Spring Garden street to Wayne Junction, and on the Richmond Branch, from Front to Richmond street; for the improvement, extension and filtration of the water supply and the rapid completion of the Queen Lane Reservoir; Passyunk avenue and other bridges, and main and branch sewers; to the Department of Public Safety for the completion of the high pressure fire system in the northeastern section of the City; for the erection of police and fire stations; purchase of sites and improvements in public squares; to the Board of Education for new sites and buildings; to the Department of City Treasurer for acquiring property and improving Parkway, from City Hall to Fairmount Park; and from current funds to the Sinking Fund and interest on the funded debt.

To this expenditure of 1909 must also be added an item which represents the balance at the date of their suspension in the Lincoln Trust Company, The American Trust & Safe Deposit Company, and the National Deposit Bank, amounting to \$70,000, which by ordinance was directed to be charged off to a Suspense Account, thus

eliminating this sum from the bank balances of assets. Of the above amount, \$12,000 balance due from the National Deposit Bank was paid in full, with \$1,462.25 interest from date of suspension.

The increasing annual expenditures for general maintenance in the cost of administering the City Government is a subject that should receive the earnest, thoughtful consideration of your Honorable Bodies in seeking and inaugurating economies to bring the expenditures within the amount received from current taxation and miscellaneous sources, reserving loans for permanent improvements. In urgently recommending in this and former reports that reductions be made, I disclaim any censorious purpose other than to advise in solving the financial problem that confronts Councils, and whose duty it is, under the Acts of Assembly of 1879 and 1885, to levy and fix the tax rate sufficient to provide for the proper and efficient administration of the affairs of the City.

Mandamus Executions.

The estimated amount apportioned to pay writs by mandamus execution for the year 1909 was \$2,000,000. This was further increased by the sum of \$675,000 rendered necessary to meet the large unanticipated number of writs issued, amounting to \$2,644,157.62, principally for land taken for the following boulevard and park purposes, and opening and widening of streets.

I desire to call the attention of your Honorable Bodies to an increasing notable extravagance of City expenditures, the acquisition of large tracts of land, with no immediate prospect of improvement or benefit, for boulevards, Parkways and park purposes by condemnation proceedings. Adequate provision for payment should be made from "capital account," or a special tax levied for the purpose, appropriated and apportioned by ordinance limiting the annual expenditure to the amount realized. The

continued incurring of obligation for future payment by mandamuses must eventually result in increased tax rate or increased borrowing capacity from seven to ten per cent. on the assessed valuation. Under the present system of legislation it is an utter impossibility to make a correct estimate of the amount required for writs of mandamuses, and it is the one principal disturbing factor in the finances of the City that often disrupts carefully prepared statements and budgets, which are the key for your guidance, by reversing an estimated surplus into a deficit, and vice versa.

Outstanding Warrants.

The amount of the outstanding warrants that are carried for six years from the issuance of same, in accordance with the ordinance of Councils of June 21, 1882, are as follows:

Funded Debt.

The gross funded debt on January 1, 1909, was \$88,770,220.22. This was further increased during the year by the negotiation of a loan of \$5,739,700 on July 1, 1909, and \$1,500,000 of the \$13,500,000 loan of February 9, 1907, \$1,500,000 of the \$4,000,000 loan of October 1, 1906, and by \$750 unclaimed matured loan returned by the Farmers' and Mechanics' National Bank, fiscal agents of the City, making a total of \$8,740,450.00.

The redemptions were 2,023,800.00, of which \$1,057,800 were by the Sinking Fund Commission,

\$966,000 by direct appropriation, and \$3,050 overdue loans paid by the City Treasurer, making a gross funded debt, January 1, 1910, \$95,483,820.22, or a net funded debt, after the deduction of \$10,582,200 City securities held by the Sinking Fund Commission, of \$84,901,620.22.

The loans authorized and awaiting negotiation are as follows:

Loan of June 17, 1898, for Public Library	\$1,000,000 00
Loan of June 17, 1898, for Art Gallery	200,000 00
Loan of June 17, 1898, for Grade Crossings	200,000 00
Loan of October 1, 1906, for Grade Crossings	1,425,000 00
Loan of February 9, 1907, for Various Improve- ments	1,000,000 00
	<hr/>
	\$3,825,000 00

In connection with the sale of the \$5,739,700 loan of July 1, 1909, and the portions of the \$13,500,000 and \$4,000,000 loans referred to, the fact that they were largely over-subscribed, the gratifying premium paid, and the monetary conditions that prevailed at the time, is another of the many evidences that the credit of the City is as high as that of any other American city.

The borrowing capacity of the City on January 1, 1910, based upon the assessed valuation of the Board of Revision of Taxes of August 1, 1909, of \$1,358,675,057, and the addition amount of \$25,000,000 reported to Councils by the Board on December 9, 1909—making a total valuation of \$1,383,675,057, was, less Sinking Fund securities, loans negotiated and loans authorized awaiting negotiation, \$8,130,633.78.

This inclusion of additional assessed valuation for loan purposes is confirmed by an opinion of the City Solicitor, as follows:

“No statute whatever provides for making such estimate, but it was furnished at the request of Coun-

cils to guide them in their action. It is quite sufficient to justify the preliminary action of Councils providing for a loan next year; but when the loan is actually created after the first of the year, and after the completion of the assessment for 1910, the actual amount of the assessment as it then exists as an ascertained fact will govern the power of the City to incur the debt, and these preliminary estimates will be of no avail."

COMMONWEALTH OF PENNSYLVANIA, }
CITY OF PHILADELPHIA, } ss.

On the twenty-eighth day of February, 1910, personally appeared before me, the subscriber, Mayor of the City of Philadelphia, John M. Walton, who, being duly sworn, doth depose and say that, to the best of his knowledge and belief, the foregoing statement of the finances of the City of Philadelphia is just, correct and true, having been carefully compared with the vouchers in the Controller's Department of said City.

(Signed) JOHN M. WALTON,
City Controller.

Sworn and subscribed to before me on the date above written.

Witness my hand and seal of the City of Philadelphia.

APPENDIX No. 185.

OFFICE OF THE MAYOR.

Philadelphia, March 3, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In view of the public interest in the preservation of law and order and the maintenance of adequate transit facilities, I deem it my duty at this time to formally notify you of the general conditions in relation to the strike instituted by some of the employees of the Philadelphia Rapid Transit Company, on Saturday, February nineteenth.

Immediately upon receipt of the information of the declaration of the said strike, the Director of the Department of Public Safety was directed to take all necessary measures to maintain the public peace and to suppress all riotous disturbances.

As conditions developed, and regarding the same as necessary, the Director of the Department of Public Safety was authorized and instructed by me to appoint three thousand (3,000) special patrolmen to meet any exigencies which might arise, which authority, in his discretion, the Director has accordingly exercised.

On the twenty-first day of February, in accordance with the ordinance of Councils approved January 11, 1904, authorizing the lease of the City Armory, Broad street, below Race street, to the Infantry Corps, State Fencibles, which provides that the State Fencibles shall at all times be subject to the direction and control of the Director of the Department of Public Safety, for police purposes, in times of public riot, disturbances or emergency, said organization was called into service and continued to perform active duty until relieved at six o'clock P. M., March first.

On the twenty-second day of February, 1910, the Governor of the Commonwealth was addressed as follows:

"HON. EDWIN S. STUART,

Governor of the Commonwealth of Pennsylvania,
Harrisburg, Pennsylvania.

SIR:—Owing to the wide amount of territory to be covered by the Police Department in suppressing the existing riots in the City of Philadelphia, and the consequent difficulty in meeting the various scattered attacks, it is the belief of myself and of the other authorities that the State Police Force (being mounted and specially equipped and intended for such service) should be ordered here to co-operate with the Department of Public Safety in preserving the law and order.

As provided by the Act of Assembly approved May 2, 1905, P. L. 361, creating the Department of State Police and defining their powers and duties, etc., I, therefore, respectfully request that you order the State Police to report for duty here at the earliest possible moment for the purpose of co-operating with the said Department of Public Safety.

Yours very respectfully,

(Signed) JOHN E. REYBURN,

Mayor."

and on the day following this letter was supplemented by the following telegram:

"Philadelphia, February 23, 1910.

"HON. EDWIN S. STUART,

Governor of Pennsylvania,
Harrisburg, Penna.

Supplementing my letter of yesterday and in view of conditions existing in Philadelphia, it will be a most effective aid to preserve law and order to have the State Police Force (as they are mounted and specially fitted and trained by experience for the required service) sent here as soon as possible to

co-operate with the Department of Public Safety, and I hereby renew my request therefor.

(Signed) JOHN E. REYBURN,
Mayor of Philadelphia."

in response to which four companies of the said State Police Force, numbering 158, came to the City and took up active duty on the twenty-fourth day of February, and so continued until relieved on March first.

The result of the efforts thus put forth has been, with the exception of the destruction of some of the property of the Philadelphia Rapid Transit Company and a number of acts of lawlessness (many perpetrators of which have been arrested, some of whom have been tried, convicted and sentenced to jail, others of whom have been indicted and are awaiting trial), that the preservation of law and order has been effectively maintained, and the general condition of the City is now normal and the preservation of the general peace well secured. With the police force now available it is highly improbable that anything will be done which will seriously disturb the public peace or menace the lives or the property of our citizens.

It is not the City's duty, nor yours or mine, to interfere between the Philadelphia Rapid Transit Company and its employees. The Courts of Law are available for the redress of any real grievance which either may have against the other. No reason exists nor can exist in proper cases why they and all other disputants should not submit their differences to the Courts or adjust their disputes between themselves. It is of the utmost importance, however, for the good name of our City and for the safety of its citizens, that no step should be taken by your Honorable Bodies or by any others which would undo or in any way or manner interfere with that which has already been done, or lead any person to think or believe that he can, by the aid of the machinery of the executive or legislative branches of the Municipal Government, enforce any demand not cognizable in the Courts or voluntarily adjustable between the parties.

Any attempt, however honest it may be, which tends

to draw away from the parties themselves, or from the judiciary, the determination of disputes which, under the Constitution and Laws of the Commonwealth, are intrusted to them, necessarily weakens and impairs our form of government and tends to substitute other means not calm, considerate and unbiased for those which are now lawfully provided and are abundantly sufficient for that purpose, and in the present case would but tend to prolong the agitation that will delay the restoration of full service by the Transit Company. This the public is entitled to have, and I confidently believe by the continuance of present peaceful conditions it will soon be fully restored.

In bringing about peace and good order I rely on the co-operation and aid of Councils and the support of all law abiding citizens.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

APPENDIX No. 186.

OFFICE OF THE MAYOR.

Philadelphia, March 2, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In compliance with your Resolution of request passed by your Honorable Bodies on the third day of February, A. D. 1910, I have the honor to transmit herewith for your information an estimate of the cost of paving and lighting all streets between Vine and South streets and the Delaware and Schuylkill rivers in a manner similar to that of Market street east of Broad street, which estimates have been compiled by the Director of the Department of Public Works and the Chief of the Electrical Bureau.

Respectfully yours,

JOHN E. REYBURN,

Mayor

DEPARTMENT OF PUBLIC WORKS.

CITY HALL,

Philadelphia, February 23, 1909.

HON. JOHN E. REYBURN,
Mayor.

DEAR SIR:—The letter of your secretary, dated Feb. 14th, in which he requests that we give you an estimate of the cost of repaving with creosoted wood blocks all streets between the Delaware and Schuylkill Rivers and between Vine and South streets, has been received.

In reply I have to state that the paving area of the streets within these limits, not including the minor streets, is 769,610 square yards. We estimate that the cost of repaving upon a six inch cement concrete foundation, including the cost of curved curb and reconstruction of inlets, is \$2,900,000. The cost of repaving the minor streets will be \$600,000; making the total approximate cost \$3,500,000.

Yours very truly,

GEO. R. STEARNS,

Director.

ELECTRICAL BUREAU.

Philadelphia, February 16, 1910.

HON. JOHN E. REYBURN,
Mayor of Philadelphia.

DEAR SIR:—At your request I herewith forward to you, as per resolution of Councils of February 3, 1910, an itemized statement showing the cost of lighting the district referred to in the resolution, based upon the same plan as the installation of the lights on Market street from the City Hall to the Delaware River.

You will perceive that it will require four thousand four hundred and fifty-seven (4,457) new lamps to light this district. The total cost per annum for these lights will be \$471,773.45. The cost of lighting the lamps that are there at the present time per annum is \$91,300, making a total of \$563,073.45. It will require two thousand six hundred and eighty-five (2,685) new poles at an approximate cost of \$45 each, making a total of \$120,825.

If there is any further information you desire in connection with this matter, be kind enough to advise me.

Respectfully submitted,

JAMES McLAUGHLIN,
Chief of Bureau.

APPENDIX No. 187.

OFFICE OF THE MAYOR.

Philadelphia, March 2, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith to your Honorable Bodies for your consideration, a request of the Board of Trustees of the Philadelphia Museums for additional appropriations amounting to forty thousand (40,000) dollars, divided as follows:

Department of the Mayor, Item 9.....	\$28.000
Department of Supplies, Mayor's Office, Item 4.	9.500
Department of Supplies, Mayor's Office, Item 4½	2.500
	<hr/>
	\$40.000

These additional amounts I am informed are absolutely necessary in order that the Museums may carry on their work for the present year and I, therefore, transmit this request with my favorable recommendation that these appropriations be made at the earliest possible date in order that the Institution may be enabled to carry on its work successfully and well.

Respectfully yours,

JOHN E. REYBURN,

Mayor.

—

THE COMMERCIAL MUSEUM.

34TH STREET BELOW SPRUCE STREET.

Philadelphia, February 24, 1910.

HON. JOHN E. REYBURN.

Mayor of Philadelphia.

City Hall, Philadelphia.

DEAR SIR:—By direction of the Board of Trustees of the Philadelphia Museums, I submit herewith a request

for additional appropriations which shall be necessary for the operation of the institution during the current year as follows:

Department of the Mayor, Item 9.

Maintenance	\$20,000
Repairs	2,000
Care and improvement of grounds.....	4,000
Additional expense in power house.....	2,000
Total	<u>\$28,000</u>

Department of Supplies, Mayor's Office, Item 4.

Coal	\$2,000
Building material and other supplies.....	7,500
Item 4½, coal on account of supplying steam to Almshouse	2,500
Total	<u>\$12,500</u>

The amount appropriated to the Museum for maintenance in the general appropriations for 1910, will be exhausted June 30th. The amount appropriated for repairs will be urgently needed to cover work on roofs and cornices which was put off from last year. The item for grounds will not carry us through the summer, and that for additional power house expense will be exhausted before May 1st, leaving no appropriation after that time for heating or cooking for the male indigent, who are supplied from our power house.

Your Honor will therefore, we trust, recognize the urgency of our hope for early action upon this request.

The amount requested will bring the total to substantially the same as that allowed for several years past and is absolutely necessary if the work of the institution is to continue.

It is therefore hoped that you will forward this request to Councils with your favorable recommendation.

Very truly yours,

WILFRED H. SCHOFF,

Secretary.

APPENDIX No. 188.

OFFICE OF THE MAYOR.

Philadelphia, March 3, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In the annual appropriation to the Department of the Mayor, for the year 1910, an appropriation has been made to Item 16, of fifteen thousand (15,000) dollars, for the maintenance of the Philadelphia Band. This appropriation was asked for with the understanding of having the same organization as last year, with the same number of musicians. Since then, however, several plans have been discussed to increase the usefulness and size of this organization, and make it of even greater benefit to the citizens of Philadelphia than it was during the past season.

It will be recalled that during the season of 1909, concerts were given four times a week for twelve weeks, and that twelve additional concerts were given, making sixty concerts in all, the Band consisting of forty men. It is now proposed to increase the Band to fifty men and to lengthen the season to fourteen weeks. This would result not only in giving a greater number of concerts, but with the increased number of musicians, would offer greater opportunities to this excellent organization to show their capabilities fully and to widen their scope as one of the most useful factors in the educational life of the City.

The amount necessary to carry out the proposed plan would require an additional appropriation of ten thousand (10,000) dollars, and I earnestly request that your Honorable Bodies make this appropriation.

No innovation of recent years has created such great interest or aroused greater enthusiasm than the concerts given by the splendid organization composed of the highest type of musicians, and I feel absolutely certain that the success of the past will be equaled by the success

of the future. Aside from the educational standpoint, there is a duty upon the municipality to provide as far as possible for the comfort and enjoyment of the citizens, and whether the City offers to them parks, playgrounds or music, they are but various forms of the City's manifestation of her closer relationship to the citizen.

I, therefore, urge most strongly the appropriation of this additional sum of ten thousand (10,000) dollars, to Item 16, Department of the Mayor, for the maintenance of the Philadelphia Band.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

APPENDIX No. 189.

OFFICE OF THE MAYOR.

Philadelphia, March 3, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith to your Honorable Bodies, for your consideration, a petition, signed by numerous business men and property owners on Walnut street, who desire better illumination for that street.

You will recall that I addressed your Honorable Bodies on this subject on February fourth, May twenty-seventh, and October seventh, nineteen hundred and nine, and in those messages I repeatedly called your attention to the necessity and wisdom of adopting this plan for better lighting and safeguarding the central retail district of Philadelphia.

It is a duty that the City owes to those paying the highest tax rate, on the highest valuation, to give them the benefit of the best and most modern development of municipal improvements. It will not only be a benefit

to the property owners, but a benefit to the City as well, as increased attractiveness means higher realty values.

For some time this Association has been actively and energetically urging these improvements, and if it is possible for your Honorable Bodies to in some manner begin this much needed work I feel certain it will be unnecessary to urge the completion of it.

I, therefore, transmit to you the petition of the Walnut Street Business Association, together with my further recommendation again urging the improvement of this great thoroughfare.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

APPENDIX No. 193.

DEPARTMENT OF LAW.

Philadelphia, March 16, 1910.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Complying with the request of your resolution to report to you the present condition of the title to the old United States Mint property, for the purpose of ascertaining when it may become liable to the City for taxes, I submit the following statement:

On March 22, 1902, the Secretary of the Treasury of the United States, in consideration of the sum of \$25,000, then paid, gave an option for the purchase of that property for the sum of \$2,000,000, if accepted, and a contract for the purchase upon approved form to be executed within sixty days from that date. The terms of the option required a further cash payment of \$25,000 within thirty days after the execution of the contract, and of the remainder of the consideration, namely, \$1,950,000, within six months, without interest.

It will be noted that under the terms of this option it was necessary to execute a contract not later than May 21, 1902, and to make a further payment within thirty days and complete the payment within six months from the date of the contract.

On May 28, 1902, seven days after the option had expired, a contract of sale was entered into between the Secretary of the Treasury and the Mint Realty Company of the City of Philadelphia, which recited the payment of \$25,000 already made, and the succession of the Mint Realty Company to the rights under the option, and provided for the payment of a further sum of \$25,000 within thirty days thereafter and the remaining \$1,950,000 on or before September 22, 1902.

An amended contract was made on August 21, 1902, in consideration of the sum of \$200,000 in addition to the \$50,000 theretofore paid, providing that instead of the full consideration money being paid at the date pre-

viously specified, the payment of the balance of \$1,750,000 was postponed for eighteen months, but reserving the option to the Mint Realty Company to pay it at any time. The agreement further provided that possession of the property was thereby delivered to the Mint Realty Company.

On December 14, 1903, a further contract was entered into amending the previous contracts, providing that in consideration of the sum of \$50,000, then paid (which with the previous payments, amounting to \$250,000, made the sum of \$300,000), the payment of the balance of \$1,700,000 was postponed until the following dates, viz.: The sum of \$100,000 until March 22, 1904; \$100,000 until December 22, 1904, and the balance, \$1,500,000, until February 21, 1905. The subject of interest was for the first time provided for in this agreement, the provision being that the deferred payments should bear interest from March 22, 1904, until paid, at the rate of 2 per cent. per annum, and interest which was not paid should also bear interest at the rate of 6 per cent. per annum. It was also agreed that full payments might be made at any time.

On December 23, 1904, a further contract was made whereby the time for payment was again extended so that there should be paid as follows: On February 23, 1905, \$100,000; on August 23, 1905, \$50,000; on February 23, 1906, \$50,000; on August 23, 1906, \$50,000; on February 23, 1907, \$50,000; on August 23, 1907, \$50,000; on February 23, 1908, \$50,000; on August 23, 1908, \$50,000, and on February 23, 1909, \$1,050,000, being the entire balance of the purchase money, all of said payments to bear interest at the rate of three per cent. per annum until paid.

I am informed that on February 3, 1909, the total amount paid on the principal sum was \$1,000,000, leaving a balance of \$1,000,000 unpaid, and a sixth contract was then entered into for the payment of this balance of \$1,000,000 in instalments of \$50,000, payable semi-annually until the balance of the purchase price, exclusive of interest, should be reduced to \$800,000, whereupon the said sum of \$800,000 would become due and payable

at the expiration of six months next ensuing. If I understand this correctly, this remaining balance will fall due in August, 1911; but in view of the somewhat unusual series of contracts I do not feel justified in stating that a conveyance will at that time be made by the Government.

The Mint Realty Company under these contracts entered into possession of the property, and commencing October 30, 1902, tore down the historic building and erected the present building which is on the property.

Under the ordinance of March 31, 1884 (Ordinances, p. 54), the northern line of Chestnut street was relocated so as to widen the street five feet, this widening taking effect as new buildings are erected. In erecting the new building, the Mint Realty Company receded this distance and commenced proceedings to recover damages, which resulted in an award of \$49,018, which, under written authority of the Secretary of the Treasury, was paid to the Mint Realty Company.

Assuming that these facts transferred the title to the Mint Realty Company, taxes were assessed against the property and a levy for the taxes was made upon some of the tenants of the building; whereupon the Mint Realty Company filed a Bill in Equity in the Court of Common Pleas No. 5, of March Term, 1904, No. 4000, to enjoin the distress, as the legal title was in the United States Government. The Court granted the decree, and it was affirmed by the Supreme Court, on appeal, on May 6, 1907. (Mint Realty Company *vs.* Philadelphia, 218 Pa., 104.)

In December, 1905, a bill was introduced into Congress to give the consent of the United States to the taxation of this property. The bill failed of passage as I am informed, because it was asserted that under the circumstances the property was already liable to taxation.

In view of the subsequent decision of our Supreme Court, I beg leave to recommend that you pass a Joint Resolution requesting Congress to pass a bill of that character at this time.

Yours very truly,

J. HOWARD GENDELL,

City Solicitor.
